NEW INNOVATION

Introducing Waterguard, Australia's only antimicrobial poly rainwater tank!

Creating fresher, cleaner water for you and your family

WATER GUARD

Reduces Odours

Reduces Bacteria

6 Star Energy Rating

Safely Treated with Antimicrobial Technology

Better for the Environment

Australian Made

BPA FREE

Antimicrobial Water Tank

Regular Untreated Water Tank

* For illustrative purposes only

Partnering with global leaders SANITIZED AG, our new Waterguard rainwater tanks are infused with Sanitized® antimicrobial protection.

Organic matter such as algae, mould and mildew can build-up inside your tank, which can make it dirty, and can contaminate your rainwater. Our antimicrobial treatment actively protects against this, keeping your family safe from harmful bacteria and extending the life of your tank.
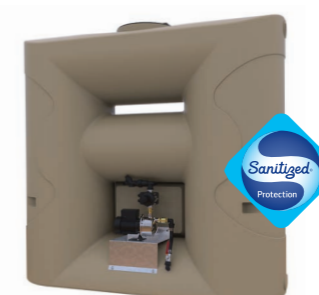

Visit www.polymaster.com.au/waterguard for details

WATERGUARD IS AVAILABLE ON THE FOLLOWING TANK RANGES

SLIMLINE RAINWATER TANKS
→ 2000L – 3000 litres
→ See pg.14-15 for tank information

**2020L TANK & PUMP PACKAGE**
→ See pg.16-17 for tank information

ROUND RAINWATER TANKS
→ 200 - 9000 litres
→ See pg.6-7 & pg.12-13 for tank information

COLOUR RANGE

1. Rivergum   2. Mist Green   3. Heritage Green   4. Merino   5. Monument   6. Smooth Cream   7. Slate Grey   8. Birch Grey
