

MH10-2

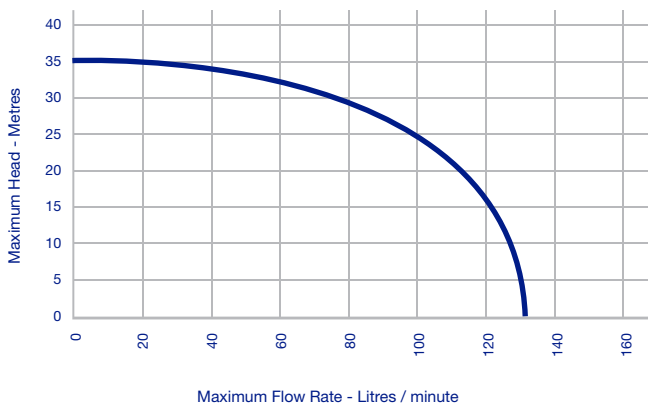

VULCAN 1" WATER TRANSFER PUMP

The MH10-2 1" Water Transfer Pump is our lightest pump, weighing only 6.2kg. The reliable Honda GX petrol engine makes sure this little model will be able to handle rigorous use. This model is perfect for water transfer where lower pressures are acceptable. The MH10-2 is one of the lightest Honda powered water pumps for sale in Australia. It is perfectly suited for water tank filling, dewatering and flood irrigation, any task that requires a lightweight, reliable water pump. This self priming pump is fitted with a Viton mechanical seal as a standard supply.
