Puretec
PERFECTING WATER

WH1 Series

GENERAL INFO

DESIGNED FOR MAINS/TOWN WATER

Whole House/Building Single Water Filter Systems

Enjoy purified water at every outlet in your home or workplace. These systems are designed for mains water supplies reducing chlorine, taste & odour, chemicals and sediment in your water, giving good general purpose filtration.

This system protects and prolongs the life of appliances and features long-life filter cartridges. It operates on low pressure which is important when multiple taps are used simultaneously throughout the day.

The Puretec WH Series is a logical choice for people concerned about sediment and chemicals in drinking water or when showering and will improve the quality of life. The system provides spring-like quality water throughout the house or workplace and is affordable for all.

These systems do not require power to operate and are very easy to maintain, just replace the filter cartridge every 6-12 months or when the taste and odour return.

FEATURES & BENEFITS
